

BYOD PROGRAM 2024

LEARN & LIVE

Lindfield East
PUBLIC SCHOOL

Acknowledgement of Country

I acknowledge that we are hosting this parent webinar from the lands of the Darug People. I also acknowledge the Ongoing Custodians of the various lands on which you are all calling in from today and the Aboriginal and Torres Strait Islander people participating in this webinar and throughout our school community.

History of BYOD at LEPS

In 2020 we made the transition from iPads to laptop devices to better meet the educational needs of our students, as well as complying with Killara HS requirements. In 2021, we expanded the program to include students in Year 4.

General Capabilities

General capabilities encompass the knowledge, skills, attitudes and behaviours to assist students to live and work successfully in the 21st century.

The general capabilities are:

- Critical and creative thinking
- Ethical understanding
- Information and communication technology capability
- Intercultural understanding
- Literacy
- Numeracy
- Personal and social capability

The role of ICT in teaching, learning and assessment.

- The integration of ICT can support a range of teaching, learning and assessment approaches that:
- Enhance learning opportunities through access to a range of resources, stimulus materials and learning tools
- Provide increased opportunities for student engagement and motivation
- Equip students with the necessary knowledge and skills to use ICT effectively
- Support the development of effective student research and evaluation skills
- Promote critical and creative thinking skills
- Increase teacher and student efficiency
- Develop awareness of the public nature of online activity and related responsibilities
- Increase opportunities to work collaboratively

Information and Communication Technology

- To participate in a knowledge-based economy and to be empowered within a technologically sophisticated society now and into the future, students need the knowledge, skills and confidence to make ICT work for them at school, at home and in their communities.
- It is planned that students will learn to use ICT with confidence, care and consideration, understanding its possibilities, limitations and impact on individuals, groups and communities.

How BYOD works at LEPS

- Used in all Learning Areas for approximately 1 - 2 hours per day.
- All 4-6 classes will participate in the BYOD program in 2024.
- Used for a range of purposes
 - G-Suite
 - Microsoft 365
 - Canva
 - Robotics & Coding
 - STEM based activities
 - Multimedia platforms
 - Touch typing
 - Digital rubrics
 - Minecraft Education
 - Mathletics & Reading Eggs

What BYOD looks like at LEPS

- Sign a technology agreement.
Inappropriate use of technology can result in a technology ban as a consequence.
- Drop laptops into the storage trolleys outside the office and sign the class roll.
- Laptops are delivered to classroom at 9:15am. Each class will have assigned technology monitors.
- Laptops are to remain in student bags until they are being signed in. Similarly, at the end of the day laptops go straight back in bags until the students are home.
- During break times at school, devices are kept securely in the classrooms to ensure their safety.
- Laptops are not to be used on school buses, even though, technically, students have left school grounds.

What type of device should children bring to school?

- A Windows PC (not Apple or a chromebook)
- laptop-style computer with a keyboard
- A screen that is at least 11 inches in size
- Wifi connectivity on the 802.11n 5GHz standard
- Be able to support Microsoft Office and Adobe
- At least 256GB Hard Drive
- At least 8GB of RAM
- An operating system of Windows 10 or 11
- At least one USB port
- 6 hours or greater battery life
- Headphone socket
- Personal laptops brought to school by students must have a high quality protective case to protect the laptop.

Tips for an easy start at school

- Make sure students knows how to login in to the computer - practise before first day.
- Remove any timed restrictions
- Make sure administrator rights are not needed for wifi connection or use of camera/microphone
- Familiarise students with basic functionality (volume/microphone settings)
- Disable antivirus software pop ups

BYOD programs from HP and JB HI-FI

- Both companies offer BYOD programs with devices that meet our criteria.
- Both programs offer insurances and support alongside the purchase of a device.

How to order your child's device

We've made browsing and ordering technology a breeze.

Here's how it works:

1. Go to www.jbeducation.com.au/byod/.
2. Enter the BYOD code as supplied by your school.

LINDFIELD EAST24
3. Once logged in, select a student program.
4. Choose your preferred delivery method.
5. Follow the prompts to select your products, accessories and nominate for insurance. Enter your details to proceed.
6. Choose a payment method and complete your order. **No surcharges on credit card purchases.**

If you have any questions, we're here six days a week:

Web: www.jbeducation.com.au/byod/

Call: 1300 746 752

Email: byodsupport@jbhifi.com.au

Visit our Parent Hub for everything BYOD

Want to know more? The JB Hi-Fi Education Parent Hub has all the tips and tricks you'll need to effectively navigate our BYOD portal.

We provide advice, guidance and support to ensure you select and purchase the most appropriate technologies for optimal learning.

Take me straight to the [Parent Hub](#).

FAQ's

What payment options are available?

Credit Card: Visa, Mastercard, American Express, Buy Now Pay Later: PayPal, Afterpay, ZipPay, Digital Pay: G Pay, Apple Pay & Latitude Finance Interest Free for 24 or 36 months, contact us for more information

BYOD Program?

Buying directly from HP ensures your child has the right device and support to work in the school environment. Importantly, it guarantees the latest learning devices at affordable pricing. All devices have been selected to meet the schools minimum device requirements.

How Do I Purchase?

The easiest way is to purchase online at www.hp.com.au/byod and use your school code. You can also purchase via the HP Call Centre 1300 725 017 (Mon - Fri 9am - 8pm AEST)

Accidental Damage Protection Insurance

What is Accidental Damage Protection (ADP)?

ADP covers the device against accidental drops, spills or damage with \$0 excess. E.g if a student were to drop their device and crack a screen we will come onsite to repair at \$0 excess including parts and labour.

IMPORTANT UPDATE REGARDING THE SALE OF ADD-ON INSURANCES !!!

The Australian Securities and Investments Commission has introduced new regulations regarding the sale of add-on insurance products. These regulations now require a 4 day 'pause' between the purchase of a device and any add-on insurance associated with that device. We are still more than happy to assist you to purchase once that time has lapsed.

BE SURE TO CLICK YOUR INTEREST and we will contact you.

How To Purchase ADP Insurance

NSW Department of Education Software

Students with a current NSW Department of Education email address are able to download Microsoft and Adobe software **free of charge**.

Titles include Microsoft Windows 11, Microsoft Office 365, and Adobe Creative Cloud.

These titles can be accessed through the Student Portal:

<https://portal.education.nsw.gov.au/>

G-Suite

This suite of applications offer excellent collaborative features which greatly enhance student learning. To access G-Suite students login to their student portal, use the left navigation shortcuts to select 'Learning' and select G Suite.

Google Chrome

This is the preferred internet browser at LEPS, this is the access portal for almost all in class activities, projects and homework.

Microsoft Office 365

This is a powerful set of utilities which offer many features comparable to G-Suite. OneNote is a useful workbook replacement while Office is one of the fundamental tools used widely. Also accessed via the Student Portal.
